**STEM Science, Technology, Engineering and Maths at Queechy**

Mrs Djakic has been able to make links with Queechy High School to send 8 of our Grade 6 students to Queechy to be a part of a Grade 9 classes involvement in what is known as the STEM Group. STEM is an acronym for Science, Technology, Engineering and Maths; students use all these disciplines to create some amazing work that is totally engaging and fun! Not only is this a great learning opportunity for our students but we are also thrilled with the close links with Queechy High and also helping our selected Grade 6 students with their transition to High School. Thanks so much to Mrs Djakic for providing this wonderful extension activity.

**Readers Cup Preparations**

It is always exciting to sit behind the “judges” desk and watch our students perform in the Reader’s Cup Challenge. This year we had 5 different teams who put their hands up to become Waverley Champions and move to the next level and take on the rest of the Primary schools in our Learning Service. The winning team has the opportunity to present at East Tamar Primary School on the 25th June in the evening. Mrs Djakic will provide further details in a letter to be sent to parents. Congratulations to all of our students for entering the Reader’s Cup and extending yourself further with your Literacy.

**Aussie’s of the Month For May**

Congratulations to Jaiden C and Jay who are our Aussie’s of the Month for the Month of May. Both boys were nominated for their Participation across the school. We are extremely proud of those students who have a go and always give their best, it is also pleasing to note how both boys lead by example and set high standards for other students. Congratulations! For the month of June our focus is on A Genuine Concern for the Environment.
Deacon Stone Under 7 Harriers Cross Country Northern Schools Cross Country Titles!
What a great effort from Deacon (Kinder) who took out the Under 7 Cross Country event that was held here at Waverley on the weekend. We have some fantastic athletes, in many sports, that are shining in the community – keep up the great work everyone. I am also aware that Jaxson has broken the Under 13 record for the Hammer Throw – outstanding effort Jaxson!

Parent Teacher Interviews
Next week we are hosting our Parent Teacher Interviews to showcase the work that has been happening with individual children and share the mid-year report. We know that it is a busy time for everyone, but we hope that we have the opportunity to speak to every parent of every child as this is the core of our business. Please take this opportunity to hear and share how your child has been going for the first 6 months of the year and the future focus that is needed for your child to shine in every learning area. We look forward to next week and seeing you all.

Tony Brazendale
Principal
