Community Garden is Now ready to Grow!

It was a fantastic feeling to finally “turn the soil” to get our Community garden underway. Just as our plants will grow, so will the concept of this being a true community garden. We are very appreciative of our Ravenswood House mobilisers who have helped in making this project a reality, to Mel, Mary and Tamika we say thank you! Lindy Perkins has also been a driving force behind this project and we also thank Craig and a number of other volunteers who helped to get things in motion. I want to also say a huge thank you to our school leaders, your vision and enthusiasm will always stay with me when I go to the garden – you can be proud that you have had an input into this garden and left your positive mark on our school. Thanks also to staff and students who helped so enthusiastically on the day of the working bee, I noticed that we had some tremendous young helpers on the day and I think you will become “guardians of the garden!” Please keep a look out for further info with regard to the garden as this has only been the starting point for the project!

St Aidan’s Church Visit

I had the privilege of attending St Aidan’s Church on Sunday with Jacinta. We went to make thank you in person to members of the congregation who have assisted in making donations that have helped us to secure another of Chaplaincy for our school. This is a tremendous gesture and one where we wanted to attend in person to say “Thank you!” We want to also acknowledge Newstead Baptist Church and The Tailrace Community who have supported us as well as including St Johns Anglican Church for considering support once we have put forward a proposal to the parish. It does make a huge difference in having Jacinta with us for an extra day and we do hope that we can sustain this into the future.
